- MY SKIN CHEMISTRY ADVANCED 2W

According to the article 2 of Regulation (EC) 1907/2006 (REACH) of the European Parliament of the council of December 18th 2006, and to the Regulation (EC) 453/2010 that amending the previous one, cosmetic finished products are exempted from MSDS (Material Safety Data Sheet).

Cosmetic products in the finished state, as defined by the legislation (European Cosmetic Regulation (EC) 1223/2009 and its further amendments), are safe for human health if used under normal or reasonably foreseeable conditions of use. They cannot therefore be considered dangerous.

Exposure to substances

In reasonably and foreseeable use, the products don't contain ingredients in a concentration that could represent damage for the consumers.

The products are intended only for external (topical) use.

Do not apply on damaged and inflamed skin.

Do not apply near the eyes and on mucosa.

Do not apply on skin with already known allergies for one or more listed ingredients.

If the consumer feels a high burning sense after the application, remove immediately the product with water.

Keep away from children.

Undesirable Effects and Serious Undesirable Effects

We haven't got information about serious secondary consequences due to the application of the products.

Transport consideration

No dangerous good according to transport regulations. No special precautions required.
Applicable for air, land and water transport.

NON-FLAMMABLE.

Assessment Conclusion

The undersigned of this document, as Safety Assessor, declares the products safe in reasonably and foreseeable use, considering:

- Formulation's composition
- Chemical, microbiological and toxicological data of raw materials
- Exposure level (NOAEL, LD50)
- Packaging materials and compatibility with the products
- Physical/chemical products stability
- Microbiological products stability

We hereby certify that the products are produced according to the Guidelines of Good Manufacturing Practices (GMP) described by the ISO 22716 standard.

We guarantee that the substances contained and employed in the manufacturing of the products are in compliance with the European Cosmetic Regulation (EC) 1223/2009 and its further amendments.
